PETITION FOR RULEMAKING

SSR Communications Incorporated hereby petitions the Federal Communications Commission for the initiation of a rulemaking proceeding to amend the FM Table of Allotments (§73.202(b) of the Commission's Rules) to assign FM Channel 298A to Caledonia, Mississippi, as that community's first FM broadcast service, as follows:

<u>City</u>	<u>Present</u>	<u>Proposed</u>
Caledonia, Mississippi	---	298A

1. Caledonia is an incorporated community with a 2000 U.S. Census recorded population of 1,015 persons. Caledonia is a *bona fide* community for allotment purposes: it has its own municipal government, comprised of a Mayor and Board of Aldermen. Caledonia's Town Hall is open Monday through Friday from 8:00 AM until 2:30 PM and is located at 754 Main Street. Caledonia was incorporated in 1903. The town is home to its own school district, including Caledonia Elementary School, Caledonia Middle School, and Caledonia High School. Caledonia has its own Post

05-24

Office and zip code point (39740). Caledonia also has its own volunteer fire department, numerous churches, the Caledonia Library and Community Center, restaurants, and many local businesses within the incorporated city limits. Clearly, Caledonia is a *bona fide* community for allotment purposes.

2. As indicated in the attached Engineering Statement (attached hereto as Exhibit 1), Channel 298A can be assigned to the community of Caledonia using the reference site 33-35-18 N, 88-20-29 W. These reference coordinates require a site restriction of approximately 11 kilometers south of the city-center of Caledonia so as to avoid shortspacing the facilities WQLT(FM) at Florence, Alabama. At the reference site, all minimum distance separation requirements of §73.202(b) of the Commission's Rules are met, as well as the principal community contour coverage requirements of §73.315.

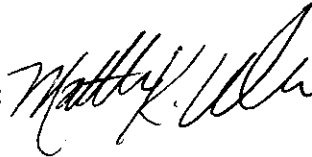

3. In the event that Channel 298A be allotted to Caledonia, Mississippi, SSR Communications Incorporated will file an application (Form 301) for a Construction Permit to operate a new FM broadcast station at Caledonia and, if authorized, will build the station promptly.

Dated: March 7, 2005
